OTHER FALL STOCK

Fall 1907

F. R. Pierson Co.
Tarrytown-on-Hudson, N. Y.

Cable Address, Pierson, Tarrytown (A B C Code used)
Long Distance Telephone, Tarrytown, 48
Lilium Candidum (The Annunciation Lily)
Now ready for delivery

This is still used for forcing in some localities where it is a favorite. It is also very desirable for planting outdoors in connection with hardy shrubbery, etc., as it is as hardy as can be. There is nothing more beautiful in hardy plants, and it should be used largely for outdoor planting. It grows about four feet high, bearing large clusters of medium sized flowers, delightfully fragrant. As it starts into growth very early in the fall, the earlier it is ordered in the fall, the better results will be obtained. Selected bulbs, $5.00 per 100, $40.00 per 1,000. Mammoth bulbs, $6.00 per 100, $50.00 per 1,000.

Japan Lilies

Ready for delivery in November

Auratum.—White, with crimson spots and yellow stripe. 
8 to 9-inch bulbs, $6.00 per 100. 9 to 11 " 9.00 " 12.00 "
Album.—Pure white. 8 to 9-inch bulbs, $8.00 per 100. 9 to 11 " 12.00 "
Melpomene.—White, very heavily spotted dark crimson. 8 to 9-inch bulbs, $7.00 per 100. 9 to 11 " 9.00 "
Rubrum.—White, shaded deep rose and spotted red. 8 to 9-inch bulbs, $6.50 per 100. 9 to 11 " 9.00 "

Freesia Refracta Alba
Now ready for delivery

Very large quantities of these bulbs are now grown for winter flowering, as they are very useful and profitable, especially for small florists who sell their own flowers. The earlier this stock is planted, the better results will be obtained.

Extral quality bulbs, 5/4 to 6 1/4 inch in diameter, 75c. per 100, $5.00 per 1,000.
Bermuda-grown. — Finest selected bulbs, 3/4 to 3/4 in., 1.00 per 100, $7.50 per 1,000.
French-grown. — Mammoth size, 3/4 in., and up in diameter, $1.50 per 100, $12.00 per 1,000.

Callas
Now ready for delivery

CALIFORNIA-GROWN BULBS

Our stock will be found to be of very superior quality. Our bulbs are grown for us by one of the most careful and experienced growers on the Pacific coast. They are very carefully cured, and are perfectly sound, with good, strong centers—an important consideration. Florists will find that these dormant bulbs produce much finer flowers and in greater abundance than plants which have been flowered from year to year—the difference in results being so great that it well repays the seeming expense of an outlay for bulbs each year. It will be found to be cheaper to buy new bulbs than to carry over old bulbs from year to year.

Selected bulbs, 1 1/2 to 1 1/2 in., in diameter. $6.00 per 100, $50.00 per 1,000.
Mammoth. — 1 1/2 to 2 1/2 " 8.00 " 70.00 "
Exhibition. — 2 to 2 1/2 " 10.00 "

Lilium Harrisii (The Bermuda Easter Lily)
Now ready for delivery

Nothing that can be handled is more profitable than Lilium Harrisii when well grown, as there is a good and sure demand for it at all times. We are very particular about the Harrisii that we handle. Our stock is not picked up indiscriminately from small growers, but is grown for us by only a few selected growers whose stocks are healthy and free from disease. Our bulbs have never been finer than they are this season. For Christmas flowering bulbs should be potted as early in August as they can be procured. For this purpose our 6 to 7-inch size is preferable, as this size can be brought into bloom much earlier than the larger bulbs. When forced for Christmas, they require a temperature of at least 60 degrees at night.

Note.—We desire to call particular attention to the fact that we do not offer 5 to 7-inch bulbs as usually sold, but selected bulbs measuring 6 to 7 inches, thus giving a much better grade of bulbs than is offered by other houses.

6 to 7-inch bulbs, 50 to the case, $6.00 per 100, $55.00 per 1,000
7 to 9 " " 200 " " 9.00 " " 85.00 "
9 to 11 " " 100 " " 20.00 " " 180.00 "
Full case lots at thousand rates.

Lilium Longiflorum Multiflorum
Ready for delivery in October

This is a selected type of Longiflorum, blooming much earlier and flowering more abundantly than the regular Japan Longiflorum. It is only a little more expensive than the ordinary Longiflorum, but is more than worth the slight difference in cost, as it blooms much more evenly and flowers much more abundantly.

7 to 9-inch bulbs, 200 to the case, $6.00 per 100, $50.00 per 1,000
9 to 11 " " 200 " " 10.00 " " 85.00 "
Full case lots at thousand rates.

Lilium Longiflorum Giganteum
Ready for delivery in October

This flowers much more freely than Multiflorum, and the flowers are larger and longer and have more substance, but it blooms a little later, and requires a little more time to bloom. It is distinguished by its dark brownish stem. It should be grown cool until the buds are set, after which it will stand any amount of forcing.

7 to 9-inch bulbs, 200 to the case, $8.00 per 100, $70.00 per 1,000
9 to 11 " " 200 " " 12.00 " " 105.00 "
Full case lots at thousand rates.
Lily of the Valley
Ready for delivery in November

Pierson’s Perfection.—This is an extra selected grade for those who desire the finest Valley grown, and is the grade that should be used for very early forcing. Price of Valley has been driven down so low that it has been at the expense of quality, and growers are beginning to realize that a really first-class article can not be furnished at prices at which Valley has been selling. The very best German Valley grown has been sent to London and St. Petersburg to growers who have been willing to pay the price for a very superior article, and very few, if any, of the finest pips grown have reached this country, but there is beginning to be a demand here for a better grade of Valley than is generally offered, and in order to meet this demand, we are importing this grade of pips, which we have had selected for us with great care, and which are the very finest pips grown. They will produce the largest spikes, with the largest number of bells, and will give the very largest percentage of first-quality flowers. This grade of Valley is more than worth the difference in price to every grower, and we can recommend it without hesitation, knowing that it will give perfect satisfaction.

$1.75 per 100, $15.00 per 1,000; $28.00 per case 2,000 pips.

Pierson’s Premier.—This is a very fine selected Valley—a grade under Perfection—and can also be used for early forcing. For those who want a superior article at a moderate price, this grade will give satisfactory results. We have sold large quantities of it, and buyers have always been very well satisfied. It is good value at the price charged, and much better than extra quality three-year-old German pips generally handled, and can be forced earlier.

$1.50 per 100, $13.00 per 1,000; $30.00 per case 2,500 pips.

Extra Quality. —This is the standard quality three-year-old German pip generally sold, and is the quality usually handled in this country by most dealers. It is as good Valley as can be handled at the price. It should never be used for very early forcing, but for late forcing will give very good results.

$1.25 per 100, $11.00 per 1,000; $25.00 per case 2,500 pips.

Clumps for Outdoor Planting.—Large clumps, $2.50 per dozen, $10.00 per 100.

Cold-storage Lily of the Valley
Now ready for delivery

We have a fine stock of cold-storage Lily of the Valley of our very choicest grade for summer and fall forcing. While the new importations of high grade can be forced for Christmas forcing, buyers will find the cold-storage Valley very much more satisfactory for very early forcing than newly imported pips, as newly imported stock will not give the requisite amount of foliage until January, so that the cold-storage Valley will be found preferable for very early forcing.

$8.00 per case 500 pips, $14.00 per case 1,000, $32.50 per case 2,500. —January to April.
$8.50 per case 500 pips, $15.00 per case 1,000, $35.00 per case 2,500. —May to August.
$9.00 per case 500 pips, $16.00 per case 1,000, $37.50 per case 2,500. —September to December.

Gladiolus
Ready for delivery in October

Colvilli alba "The Bride."—Pure white flowers. Dwarf habit. This is being more and more largely planted, as it is one of the most useful cut flowers that can be grown. Invaluable for forcing and for outdoor blooming.

$1.00 per 100, $7.00 per 1,000.

Blushing Bride.—A splendid new forcing variety. Blooms earlier than Colvilli alba. Flowers large, pure white, with pink markings. Very desirable and valuable.

$1.25 per 100, $9.00 per 1,000.

Astilbe, or Spirea
Ready for delivery in November

Gladstone.—New. This is by far the best of all the Spireas for winter-flowering. No other Spirea compares with it in any way. It flowers in immense feathery snow-white plumes, which are very freely produced. This not only makes fine specimens when flowering singly, but three clumps in a 12-inch pot make magnificent Easter plants. We are now enabled to offer this hitherto expensive variety at a very low price, and it is worth very much more than the difference in price. Large clumps, $7.00 per 100; case of 250 clumps for $14.00.

Japonica.—Clumps for $10.00.

Compacta multiflora.—More compact than Japonica, an extra fine variety for forcing.

$6.00 per 100; case of 250 clumps for $12.00.

Astilboides floribunda.—A very strong grower, and quite distinct from Japonica or Compacta multiflora, and preferred by many for Easter forcing.

Flowers pure white, very large and feathery.

$5.00 per 100; case of 250 clumps for $10.00.
DUTCH HYACINTHS

Ready for delivery in September

SELECTED NAMED

This is the grade that should be used for pot culture or for growing in pans where flowers of highest quality are desired. The bulbs offered are of the largest size and finest quality obtainable. The varieties offered are the finest and those best adapted for winter-flowering or bedding, producing the largest and most perfect spikes and the most beautiful flowers.

FINE NAMED

We recommend this grade particularly for bedding, and it is also very satisfactory for forcing. The bulbs are a size smaller than the Selected Named, but can be offered at only a slight advance over the price of Mixed Hyacinths in Separate Colors, and consequently, are much more desirable; for when bedded out or used for forcing, they bloom evenly and at one time, while the mixed hyacinths, no matter how carefully selected, bloom more or less irregularly and unevenly.

DUTCH HYACINTHS

Ready for delivery in September

Separate Colors

These are largely used for bedding, and by many florists are used for forcing, but we do not recommend them for forcing, as nothing but named varieties should be used for that purpose. We offer the very best quality of these and not the inferior grades which are sometimes offered for less money.

We were awarded GOLD MEDAL, Highest Award, For our Exhibit of Bulbs at the Pan-American Exposition, Buffalo, 1901

Miniature Hyacinths, or Dutch Romans

Ready for delivery in September

These Dutch Romans are valuable, not only for cutting, but also for growing in pans. They can even be used for bedding where a cheap hyacinth is desired, producing surprisingly large spikes of bloom, considering the size of the bulbs. We offer only the finest named sorts, which bloom evenly and at one time—those that have been found most satisfactory for forcing, and those that produce the largest spikes of bloom and of the most desirable colors. The bulbs are of the largest size and of first-class quality, and the prices at which they are offered should not be compared with the prices of inferior grades of mixes in separate colors usually offered, which bloom more or less irregularly, while our named sorts bloom evenly and at one time, making them very much more desirable and valuable.

FOR GRAPE AND FEATHERED HYACINTHS, SEE PAGE 9

ROMAN HYACINTHS

Now ready for delivery

The crop of French bulbs, especially in the larger sizes, is short this season. The bulbs that we offer are of the very finest quality, obtained from the very best sources, carefully packed and graded, so that they can not fail to give the very best satisfaction.

White Romans. —Extra quality bulbs, 12 to 15 c/m in circumference. $2.75 per 100, $25.00 per 1,000.

Pink Romans. —These are somewhat later than White Romans. They are very popular on account of their beautiful color—light flesh-pink. Flowers are semi-double. Extra quality bulbs, 12 to 15 c/m in circumference, $2.75 per 100, $25.00 per 1,000.

White Italian or Red-skinned Romans. —Very desirable for late forcing, with much heavier flower spikes than White Romans. Extra quality bulbs, 12 to 15 c/m in circumference, $2.75 per 100, $25.00 per 1,000.

CRIMSON RAMBLER ROSES. —We can supply a grand lot of this valuable rose, extra strong field-grown plants, with fine canes four feet or more in length. Extra heavy stock. Ready in November $16.00 per 100
TULIPS
Ready for delivery in September

FINEST VARIETIES FOR FORCING AND BEDDING
Gold Medal, Highest Award, Pan-American Exposition, May, 1901

On this page is a photograph showing part of our large exhibit of tulips at the Pan-American Exposition. We planted there about fifty thousand bulbs, which when in flower in May were a revelation to all who saw them, and which, as the Florists' Review expressed it, was the "greatest display of tulips ever seen outside of Holland." The varieties used in our exhibits were Artus, Joost van Vondel, Rosamundi Huykman, Bizard Verdict, Cardinal's Hat, Duc van Tholl Scarlet, Wapen van Leiden, Couleur Ponceau, Rachel Ruisch, Cottage Maid, Keizerskroon, L'Immaculée, Chrysolora, Duchesse de Parma, Crimson King and Yellow Prince. These were planted in large masses of solid colors, producing a striking effect.

Of the following page, in the upper left-hand corner, we give a view of the largest bed, containing over thirteen thousand bulbs. The lower photograph shows some of the other beds, with the Horticultural Building in the background. Altogether, our exhibit created a sensation, and was one of the chief attractions at the opening of the Exposition in May. We received the highest award for tulips, both on account of the extent of the exhibit and the high quality of the flowers.

The use of tulips for bedding for early spring-flowering is increasing from year to year, for nothing that can be planted gives such satisfactory returns for the outlay. The use of named varieties is constantly on the increase, as they are much more effective when planted in solid blocks, in separate colors, than when planted indiscriminately. We offer a large variety of the very finest sorts for bedding, and at prices which will permit the use of named varieties, as a great many of the kinds offered cost only a little more than mixed tulips, for which reason and the fact that they are much more effective when planted separately, we invariably advise their use, especially when planted in quantity. All the varieties offered are desirable for bedding, but all are not desirable for forcing. The descriptions indicate those best adapted and most valuable for forcing winter.

SINGLE EARLY TULIPS

Artus. — A fine scarlet for bedding; also very good for forcing. A little later than Crimson King or Belle Alliance. $1.50 per 100, $11.00 per 1,000.

Belle Alliance (Waterloo). — Brilliant scarlet. An extra fine forcing variety. $2.25 per 100, $20.00 per 1,000.

Bizard Verdict. — Bright red, feathered, striped, and bordered with bright yellow. A fine variegated tulip. 90c. per 100, $6.50 per 1,000.

Cardinal's Hat. — Dark brownish red—somewhat like Brumus, but darker—edge of petals shading to orange. A little later than Crimson King or Belle Alliance. $1.25 per 100, $8.80 per 1,000.

Chrysolora. — Pure golden yellow; extra large. Finest yellow tulip for bedding. $1.00 per 100, $8.00 per 1,000.

Cottage Maid. — An exquisite color—lovely bright pink, heavily marked with white at center late forcing variety; can not be forced early. Extra $1.25 per 100, $8.90 per 1,000.

Couleur Cardinal. — Dark scarlet—crimson—about the color of a Meteor rose. Flower is large, long, and pointed. Extra fine for forcing. $3.25 per 100, $29.00 per 1,000.

Couleur Ponceau. — Bright cherry, base of petals pure white—an exquisite color. A fine bedder. $1.00 per 100, $8.00 per 1,000.

Crimson King. — Crimson-scarlet; very brilliant. Fine bedder, also good for late forcing. $1.50 per 100, $13.00 per 1,000.

Duc van Tholl, Scarlet. — Intense dazelike scarlet. Very desirable for early forcing. $1.75 per 100, $14.00 per 1,000.

Duchesse de Parma. — Wine red, with yellow edge. Very showy. A good forcer and a fine bedder. $1.50 per 100, $11.00 per 1,000.

Joost van Vondel. — Fine, red, feathered with white—an unusually striking and distinct color. Flower very large, with very long stem. Grand. $1.50 per 100, $13.00 per 1,000.

Keizerskroon (Grand Duc). — Red, heavily bordered golden yellow. Extra large flower. One of the very finest tulips for forcing or bedding. $2.00 per 100, $17.50 per 1,000.

La Reine (Queen Victoria). — White, slightly shaded pink. A favorite forcing variety, and fine for bedding. $1.25 per 100, $8.50 per 1,000.

L'Immaculée. — Pure white. A fine bedding tulip, also a fine early forcing variety. Can be forced for Christmas. Almost as early as Duc van Tholl, Scarlet. 90c. per 100, $7.00 per 1,000.

Mon Tresor. — Pure yellow; an extra fine large flower. A little deeper yellow and a little larger flower than Chrysolora. $1.75 per 100, $14.00 per 1,000.

Pottebakker White. — Finest white forcing tulip; also extra fine for bedding. Extra large flower. Very early. $1.50 per 100, $12.00 per 1,000.

Prince of Austria. — Bright orange-scarlet. Strong grower and very large flower. Extra fine for forcing or bedding. $2.75 per 100, $21.00 per 1,000.

Princess Marianne. — A very large white tulip, slightly tinged pink. An excellent variety for bedding. $1.00 per 100, $8.00 per 1,000.
SINGLE LATE TULIPS

These late tulips are exceedingly fine for planting in borders of shrubbery, and, if possible, should be planted where they can be left from year to year. They grow taller than the early varieties and the flowers are larger and showier also than other tulips. The season of blooming is very long. They come into bloom in May, after other tulips are gone, and are in full bloom Decoration Day. They are desirable for cut flowers, but on account of being late bloomers are of no use for forcing.

Biards. —Very showy flowers, beautifully blotched, striped, and feathered with crimson, pink, scarlet, rose, blue, and purple on yellow ground. All colors mixed. $1.00 per 100, $7.50 per 1,000.

Byblooms.—Flowers beautifully blotched, striped, and feathered with crimson, pink, scarlet, rose, blue, and purple on white ground. All colors mixed. $1.00 per 100, $8.00 per 1,000.

Bouton d’Or. —Pure yellow. Remains in bloom three weeks, flowers increasing in size as they grow older. Exceedingly fine. A grand thing. $1.25 per 100, $8.50 per 1,000.

Darwins. —These are what are termed selfs, or solid colors, and are mostly dark shades, no whites or yellows among them. They are valued because they are very late. They grow very tall, with very strong stems. All colors mixed. $1.25 per 100, $10.00 per 1,000.

Gesneriana Spathulata. —This is the true Gesneriana and the finest of all late tulips. Flower is very large, dark brilliant scarlet, with black center. $1.50 per 100, $11.50 per 1,000.

Golden Grown. —Sometimes called The Yellow Gesneriana. Yellow, with scarlet edge. Very showy. 90c per 100, $7.00 per 1,000.

Picotee (Maiden’s Blush). —A magnificent tulip. White, beautifully margined and penciled on the edges with bright pink. Very delicate and beautiful. $1.50 per 100, $11.00 per 1,000.

Parrots. —Very singular and beautiful, both in shape and markings. Very highly colored. Markings are not dissimilar to the brilliant plumage of parrots, which suggested the name. Admiral of Constantinople. —Orange-scarlet.

Lutea Major. —Golden yellow.

Perfeta. —Yellow, scarlet stripe.

Markgraf van Baden. —Inside of flower, orange-yellow; outside striped scarlet. $1.50 per 100, $10.00 per 1,000.

Parrots. —All colors mixed. $1.00 per 100, $8.00 per 1,000.

DOUBLE TULIPS

Count of Leicester. —Orange-yellow. Earlier than Yellow Rose. $1.00 per 100, $8.00 per 1,000.

Couronne d’Or. —Yellow, shaded orange. Extra fine for forcing. $2.75 per 100, $23.00 per 1,000.

Duke of York. —Carmine, edged white. Good for forcing. $1.25 per 100, $9.00 per 1,000.

Gloria Solis. —Crimson, with yellow margin. Fine bedder, one of the showiest tulips for this purpose; also a fine forcing variety. Very similar to Tournesol Red and Yellow in color; can not be forced so early. $1.50 per 100, $12.50 per 1,000.

Imperator Rubrorum. —$3.25 per 100, $28.00 per 1,000.

La Candeur. —Pure white. Fine for bedding, and also for Easter forcing. $1.50 per 100, $12.00 per 1,000.

Lady Grandison. —Bright scarlet. Very early. Fine for forcing. $1.25 per 100, $10.50 per 1,000.

Le Blason. —Delicate rose, shaded and striped white. $1.50 per 100, $13.00 per 1,000.

Muirillo. —A magnificent flower, blush white, shaded rose. Large fine flower. Extra for forcing. $2.25 per 100, $20.00 per 1,000.

Rex Rubrorum. —Extra fine scarlet for bedding. Large, full, double flower. Produces a strong contrast when planted with La Candeur. Very effective. $1.75 per 100, $15.00 per 1,000.

Rose Blanche. —Pure white. Very early; earlier than La Candeur. $1.25 per 100, $8.50 per 1,000.

Salvator Rosa. —Deep rose, flamed white. Highly recommended for very early forcing. $2.75 per 100, $28.00 per 1,000.

Tournesol Red and Yellow. —Scarlet, bordered yellow. Extra fine for forcing. Exceedingly showy. $1.75 per 100, $15.00 per 1,000.

Yellow Rose. —Bright yellow. Late. $1.00 per 100, $7.50 per 1,000.

Finest Mixed. —Extra choice mixture from named varieties. All colors. $1.25 per 100, $9.00 per 1,000.
NARCISSUS
LARGE SINGLE TRUMPETS

Victoria.—Grand new bicolor. A novelty of great merit. Petals broad and flat, with bold yellow trumpet. An extra large, fine flower. $2.50 per 100, $22.00 per 1,000.

Empress.—A magnificent variety, white perianth with rich yellow trumpet. Flowers large and of great substance. Similar to Horstfield, but larger and a stronger grower. First sized bulbs, $2.00 per 100, $15.00 per 1,000. Selected double-nosed bulbs, $2.50 per 100, $18.00 per 1,000.

Empress.—Deep yellow trumpet, sulphur perianth. Immense. The finest of this section. First sized bulbs, $2.00 per 100, $15.00 per 1,000. Selected double-nosed bulbs, $2.50 per 100, $18.00 per 1,000.

Golden Spur.—golden yellow. Very early. First sized bulbs, $2.00 per 100, $15.00 per 1,000. Selected double-nosed bulbs, $2.50 per 100, $18.00 per 1,000.

Grandee (Maximus).—dwarf. Extra fine. $1.25 per 100, $10.00 per 1,000.

Horsfield.—Large golden yellow trumpet and pure white perianth. A grand variety for forcing. $2.00 per 100, $15.00 per 1,000.

Princes.—Sulphur-yellow trumpet, with lighter perianth. Can be forced very early. A very profitable variety for forcing; account of its earliness and the low price at which the bulbs can be offered. Extra sized bulbs, $1.00 per 100, $6.50 per 1,000. Selected mammoth double-nosed, or top-root, bulbs, $1.25 per 100, $8.50 per 1,000.

Single Von Sion.—We recommend this strongly in place of Trumpet Major, especially for early forcing. Very early—much earlier than Trumpet Major—deeper yellow, larger flower, and a much better bloomer. The best pure yellow moderate-priced single trumpet narcissus. $1.25 per 100, $10.00 per 1,000.

Trumpet Major (French-grown) as it can be had in bloom by Christmas before other varieties are in the market. For this purpose it should be started very early, during August or early in September. $1.50 per 100, $13.00 per 1,000.

DOUBLE FLOWERED

Double Von Sion, or Double Yellow Daffodil.
—This is one of the most useful and profitable of winter-flowering bulbs, and is forced in large quantities. There is nothing in which quality is so important as in Von Sions—color and form of flower, size of bulb, etc. The flower of the stock we offer is the pure golden yellow. Those who have been troubled with 'Green Von Sions' should try our stock. Growers will find it will pay to buy the best Von Sions obtainable.

First sized bulbs, $1.25 per 100, $9.00 per 1,000. Extra sized bulbs, $1.50 per 100, $12.00 per 1,000. Selected mammoth double-nosed, or top-root, bulbs, $2.25 per 100, $20.00 per 1,000.

Alba Plena Odorata.—Double; pure white gardenia-like flowers, exquisitely scented. 75c. per 100, $5.50 per 1,000.

Orange Phoenix (Legs and Bowl).—Double white flowers with orange nectary. $1.25 per 100, $10.00 per 1,000.

Silver (Sulphur) Phoenix (Codium and Cream).—Sulphur white. Extra fine. $2.25 per 100, $18.00 per 1,000.

PAPER-WHITE GRANDIFLORA

Now ready for delivery

Much larger and better than the ordinary variety, blooming in larger clusters and coming into flower earlier. The bulbs that we offer are of the very finest quality obtainable.

Extra quality bulbs, 1½ cm. in diameter and up in circumference, $1.25 per 100, $10.00 per 1,000. Selected quality bulbs, 1 cm. in diameter and up in circumference, $1.50 per 100, $11.00 per 1,000.

MISCELLANEOUS Sorts

Mrs. Langtry.—The finest of the Lordel type. Broad white petals, with large white cup, edged yellow. Exceedingly beautiful. A very strong grower and abundant bloomer. Magnificent for late forcing or for outdoor planting. Exceedingly valuable for cutting. $1.00 per 100, $7.00 per 1,000.

Empress Narcissus

Barri Consopicus.—Beautiful canary-yellow, with deep golden cup richly edged orange-scarlet. Flowers three to three and a half inches in diameter, borne on long stems. Fine for forcing or outdoor planting. $1.00 per 100, $7.50 per 1,000.

Incomparable Stella.—White star-shaped flower, with yellow cup. One of the most beautiful and most easily forced of all the narcissus. 75c. per 100, $5.00 per 1,000.

Poeticus (Fleurant).—Pure white with red cup. Very useful for cutting in spring, and it can be planted in borders out-of-doors, where it is perfectly hardy and will bloom year after year. 75c. per 100, $4.50 per 1,000.

Poeticus Ornatus.—The Improved Poeticus. Pure white with scarlet ring. Much finer in form and much earlier than Poeticus. A magnificent cut flower. This is becoming more and more largely used for forcing. Double-nosed bulbs, $1.00 per 100, $7.00 per 1,000.

JONQUILS

Gian Campernelle Jonquil Rugulosus.—Much larger than the old favorite Campernelle jonquil, a much freer bloomer, and much more desirable, especially for forcing. Beautiful single yellow star-shaped flower, beautifully imbricated, borne in clusters of four to six on a stem, delightfully fragrant. Also very hardy, and invaluable for outdoor planting. 80c. per 100, $6.50 per 1,000.

Double Jonquil.—Bears clusters of small, very double, deep red. A favorite for forcing and outside planting. $1.00 per 100, $8.50 per 1,000.

CHINESE SACRED LILY

Ready in September

(Narcissus Orientalis) — A favorite bulb for retailing, as it makes a fine house-plant, and is one of the best selling bulbs for this purpose. We offer the finest quality bulbs, grown in China, insuring a luxuriant growth and a remarkable profusion of flowers. Single basket (3 bulbs), $1.80; original bundle, containing four baskets (120 bulbs), $4.80; full thousand lots, $38.00 per 1,000.

TUBEROUS-ROOTED BEGONIAS

Ready in December

Having made arrangements with one of the largest and finest growers of Tuberous Begonias in Europe to supply us with his entire product, we are enabled to offer these bulbs at unusually low prices. Bulbs are first-class, running 1½ in. in diameter and up. The quality of the flowers, notwithstanding the low price, is unusually fine. There is no finer stock to be had in Europe. Buyers will find it cheaper to buy here at our prices than to import their own stock direct.

Separate colors.—White, pink, scarlet, yellow, and crimson.

Double.—$5.00 per 100, $40.00 per 1,000.

Single.—$3.00 per 100, $25.00 per 1,000.

GLOXINIAS

Ready in December

We handle these very largely, and our strain of Hybrida Crassifolia Erecta Grandsiflora is unequalled, embracing an unusual proportion of spotted, white, pink, and other choice colors. Bulbs are of large size.

Finest Mixed.—$4.00 per 100, $30.00 per 1,000.

Separate Colors.—White; red; blue; red, bordered blue; white, bordered blue. $5.00 per 100.

DAHLIAS

Ready in December

We have a superb collection of dahlias, finest named sorts, comprising cactus and decorative, large-flowering or show, small-flowering or pompon, and single-flowering varieties. When selection of varieties is left to us, customers can rely on receiving a fine assortment. In ordering, state which classes are wanted, or, if desired, we will make up a collection comprising all the different classes. Finest named sorts, $8.00 per 100.

GLADIOLI

Ready in December

White and Light.—$1.75 per 100, $15.00 per 1,000.

Scarlet and Red.—$1.25 per 100, $9.00 per 1,000.

Yellow and Orange.—$3.00 per 100.

Pink and Rose.—$1.50 per 100, $12.00 per 1,000.

Striped and Variegated.—$2.50 per 100, $20.00 per 1,000.

Glof's Hybrid Seedlings.—All colors mixed: the most popular strain in America. $1.75 per 100, $15.00 per 1,000.

Childs.—Giant hybrids, mixed. $2.00 per 100, $18.00 per 1,000.

Lemoine's Hybrids.—Finest mixed. $1.50 per 100, $12.00 per 1,000.

Extra Superfine Mixed.—$1.25 per 100, $9.00 per 1,000.

FANCY-LEAVED CALADIUMS

Ready in December

We can supply a fine assortment of the very choicest named varieties, very distinct and very desirable—strong dormant bulbs of large size. These bulbs are grown out-of-doors, and will be found superior to greenhouse-grown plants. Tubers are full-sized, undivided, and are strong and healthy.

Extra sized bulbs, $12.00 per 100.

TUBEROSE PEARL

Ready in December

Our bulbs are grown in the South, where the climate and soil are peculiarly adapted for their perfect development, and the stock we offer is the finest to be had elsewhere.

Extra quality bulbs, $1.25 per 100, $10.00 per 1,000.

CROCUS

Ready in September

MAMMOTH BULBS

These are extra large selected bulbs, averaging 1½ in. in diameter. Varieties offered are also of the very finest quality. They are very desirable for forcing, and these large bulbs are much finer for bedding than smaller bulbs, as they throw up unusually large number of flowers.

Baron von Brunow.—Dark purple.

Purpurea Grandiflora.—Dark purple; variety largest size. Magnificent.

David Rizzo.—Dark blue.

Queen of the Netherlands.—Pure white, fine large flower. Extra fine. Flowers very freely.

La Majestueuse.—Violet, striped white.

Mammoth Yellow.—Deep golden yellow. Sir Walter Scott.—Violet, striped white.

75c. per 100, $3.00 per 1,000.

SEPARATE COLORS.—Blue, White, Yellow. Striped. 50c. per 100, $3.00 per 1,000.

**HARDY ROSES**

Marchioness of Londonderry. —Ivory white. Petals of great substance, shell-shaped, $2.25 per dozen, $15.00 per 100.

Faut Karl Druschki. —This is a queen among white roses. Flowers are of the largest and pure snowy white, with very long buds, shell-shaped petals, opening large and full and of the most beautiful form. A continuous free-blooming variety. Under cultivation the finest hardy white rose. $2.25 per dozen, $15.00 per 100.

Mrs. R. G. Sharman-Crawford. —Very large flowers, freely produced. Awarded gold medal, National Rose Society, England, $2.25 per dozen, $15.00 per 100.

Soleil d’Or. —Superb conical-shaped buds, varying in color from gold and orange-yellow to reddish gold. The flower when expanded is very full, large, and globular.

Margaret Dickson. —A superb variety.

Baronne de Rothschild. —Light pink, sometimes shaded with rose; very large; cupped form. Good exhibition sort.

Paul Neyron. —A grand rose. The flowers are immense, dark rose color, double and handsomely formed. Blooms all season, and is unusually strong and vigorous.

Magna Charta. —A super.

Mrs. John Lang. —One of the finest varieties, blooming almost constantly. The buds are large and pointed. The open flowers are large, full, and double, borne on long, straight stems. A lovely shade of delicate pink, exquisitely fragrant.

Madame Gabrielle Guizet. —A fine satin rose, initial with silvery rose, heightened at the center. One of the sweetest and most beautiful roses.

Gloire de Paris (Aunis de Diebea). —A most lovely shade—clear, bright rose; very large and fragrant.

Prince Camille de Rohan. —One of the richest dark crimson roses. It resembles Gen. Jacqueminot very much, but is much darker in color.

Alfred Colomb. —Brilliant carmine-scarlet, of fine globular form. Very fragrant.

Persian Yellow. —Bright yellow, a color very scarce among hardy roses. Foliage is sweetly scented like the Sweet Briar.

Blanche Moreau. —By far the best white moss rose. Long, pointed buds, beautifully mossed.

Chapeau de Napoleon, or Crested Moss. —Beautiful clear pink. Buds crested, and heavily mottled.

Rugosa Rubra. —Deep rose.

Rugosa Alba. —Pure snowy white.

**MONTHLY AND HYBRID TEA**

Killarney. —Perl rosarians claim it to be one of the finest Bedding varieties; for all roses for outdoor culture. It is perfectly hardy and a constant bloomer. Buds are of exquisite color and shape, long and pointed. A beautiful moss rose.

Souv. de Pres. Carnot. —Lovely clear; outer petals white, center petals delicate flesh-pink. Extra fine.

Mme. Abel Chatenay. —Magnificent pink, almost identical with Bridemaid in form and color. Buds of high quality are produced out of doors as can be grown under glass in winter. One of the grandest outdoor roses.

White Maman Cochet. —Beautiful pink, long, pointed, pure snowy white. Identical in every respect with Maman Cochet except color.

La France. —Bright crimson-scarlet, exceedingly rich and velvety. A grand rose.

Kaiservilla Augustus Victoria. —A grand white constant blooming summer rose, with large globular buds of the largest size, pure white and of ideal form.

Mme. Caroline Testout. —An exquisite pink rose; buds of lovely shape and color. Buds constantly from spring to fall.

Belle Siebrecht. —Dark carmine pink, very rich. Flowers large and beautifully formed. Long tapering buds. Very fragrant.

Gruss an Teplitz. —Flowers crimson-scarlet, shading to velvety crimson. Also a grand bloomer.

Hermosa. —Deep pink. An old-time favorite. One of the showiest and most satisfactory rose breeders.

Clothilde Soupeyret. —White, shaded pink, blooming in clusters. A very fine bloomer.

Lady Mary Fitzwilliam. —Delicate rose.

**Extra Strong Two-year-old Field-grown Plants**

Ready for delivery in December

**BABY RAMBLER, or MME. NORBERT LEVAVASSEUR**

New dwarf perpetual-flowering Crimson Rambler, growing from one to half to two feet high, blooming when very small, bearing clusters of flowers as large as Crimson Rambler, identical in form and color. As a bedding rose it is unequalled, especially so, as it blooms constantly throughout the summer. The grandest introduction in roses since Crimson Rambler. A grand acquisition. A first-class addition to plants for Easter forcing. Extra strong field-grown plants, $2.25 per dozen, $15.00 per 100.

**CRIMSON RAMBLER**

Nothing equals this variety as an all-around hardy garden rose, on account of its brilliant color, profusion of bloom, and length of time the flowers last. It may be used as a climber, or may be grown in large bush form; or, by tying down, can be used for bedding, and when grown in this way is the showiest of all roses. See illustration. We handle this in large quantities, and carry a magnificent stock. $2.00 per dozen, $12.00 per 100. Selected heater plants, $2.25 per dozen, $15.00 per 100.

**New Pink Rambler DOROTHY PERKINS**

A pink climbing-rose which is as popular as Crimson Rambler. It has exactly the same habit, the foliage is identical, and it is alike remarkable for the great freedom with which the flowers are produced, the only difference is in the color. Dorothy Perkins being a beautiful shell pink. Valuable not only as a climbing rose, but a grand rose for bedding and also for forcing. $2.25 per dozen, $15.00 per 100.

**STANDARD, OR TREE, ROSES**

Crimson Rambler. —Nothing is so well adapted for growing in standard form. It makes one of the most attractive plants imaginable. $6.00 per dozen.

Baby Rambler. —As this is a constant bloomer, it makes it extra desirable, when grown in standard, or tree, form. Fine strong plants, $6.00 per dozen.

Hybrid Perpetuals, Assorted Named. —Finest assortment. $5.00 per dozen.
AZALEAS

Ready for delivery in October

Next to the Easter Lily these are the most important plants for Easter decoration. We shall have to offer from October until Easter a fine assortment of plants, with fine crowns, well shaped and well budded. Orders should be placed at once so that advantage can be taken of these low import prices before prices advance later in the season, and while the plants can be shipped by freight, as early in the season plants travel as safely by freight as by express, and at a great saving in cost of transportation. These prices will hold good only for early shipment, as we cannot afford to sell at these prices later on, after plants have been potted and put into winter quarters for spring sale. We handle only the very finest varieties, and our selection will be found to contain the very finest sorts, either for commercial purposes or private conservatories.

Apollo.—Orange-scarlet. Can be forced for Christmas.
Bernhard Andrea Alba.—Double. Pure white. Late.
Empress of India.—Double. Variegated white and salmon-rose. One of the best late sorts.
Madame Joseph Vervaeene.—Similar in color to Persicaria. Especially good in large sizes. Finest of all in this color for Easter.
Madame Van der Cruyssen.—Double. Bright rose—a very desirable and popular color.

Niobe.—Double. Pure white, with finely crinkled edges. A fine flower.
Paul Weber.—Very double. Similar to Vervaeene, but brighter. Late. Fine for Easter, especially in the small sizes.
Professor Wolters.—Single. Magnificent color—light pink, with very deep carmine blotch and shadings, with white border. Very bright.
Vervaeene.—Double. White, salmon center, with deep carmine markings in center of flower. Very early.

Strong plants, 10 to 12 inches in diameter, $4.80 per dozen, $35.00 per 100.

AZALEA MOLLIS

This is largely used in Europe, and is being more largely used in this country for forcing. The colors are entirely different from the Chinese azaleas offered above—colors ranging through yellow, orange, and red.

Fine bushy plants, well budded, 12 to 15 in. high, $4.80 per dozen, $35.00 per 100.

DWARF, OR MINIATURE, AZALEAS

These dwarf azaleas, which have been grown as novelties for the past year or two, are rapidly coming into favor, and are now in great demand.

Firefly, or Hexe.—Very brilliant crimson. Splendid.
Chas. Encke.—Beautiful shade of pink.

$3.60 per dozen, $25.00 per 100.

Rhododendrons for Forcing

Ready in November

These are becoming more and more important for winter and Easter flowering, and are largely used for this purpose. There is nothing that makes a finer or showier plant when in full bloom than these fancy highly colored rhododendrons. They last much longer than azaleas, and should be grown largely, especially for Easter. They also make extra fine plants for Decoration Day. By hard forcing they can be had in bloom by midwinter. We offer a collection of the very choicest and the best varieties for this purpose.

Chevalier F. de Sauvage.—Fine crimson.
Fastuosum flore pleno.—Lavender.
John Walter.—Crimson.
Kate Waterer.—Rose, with yellow center.
Lady Clermont.—Rose scarlet, fine shade.

Michael Waterer.—Bright red.
Mrs. John Waterer.—Soft red.
Mme. Masson.—White.
Prince Camille de Rohan.—White, marked with rose.
Sir Henry Havelock.—Fine crimson.

Fine plants, well budded, $1.00 each, $9.00 per dozen. Extra large plants, well budded, $1.50 each, $15.00 per dozen.

Pot-grown Lilacs

Ready in November

We offer the best varieties for forcing for winter flowers,—Marie Legraye, Mme. Lemoine, and Charles X. Extra fine plants, well budded, $9.00 per dozen, $60.00 per 100.
NEPHROLEPIS PIERSOINI ELEGANTISSIMA  (The Tarrytown Fern)

INTRODUCED BY US IN 1905.

This marvelous fern is a sport from a Pierson Fern (Nephrolepis Piersoni) but is very much more beautiful and of greater commercial value. It is as different from the Pierson Fern as that is from the Boston. In Nephrolepis Piersoni elegantissima the small side pinna are again subdivided, producing an exquisite and beautiful effect, changing the entire character of the fronds, which measure less than half the length and about twice the breadth of the tonds of the Pierson Fern. The tonds also assume an entirely different form, the side pinnate standing at right angles to the mid-rib of the frond, on edge rather than flat, as is usual, making both sides of the frond equally beautiful — entirely different from any other fern. The frond is very dainty, only about half the height of the Pierson Fern and of very much more compact habit. Taking it all together, it makes one of the most exquisite plants and one of the most valuable for table and house decoration that has ever been introduced. The delicate tonds, on account of their beauty, are in great demand for table decoration, design-work and for use in boxes of loose flowers. There is nothing in the fern line that is so handsome as this beautiful fern when well grown, well-grown plants making most magnificent specimens. It is the Parleyense of the Nephrolepis family, an aristocrat among ferns. While this fern is more beautiful than the finest exotic fern it is easily grown. It requires different treatment from other ferns. In order to develop it in its full beauty and perfection, it should be grown in the full sunlight, in rich soil, with plenty of room and air. The temperature best adapted for it is that in which roses are grown — temperature of about 60° at night. It requires rich soil, and should be fed liberally in order to develop the beautiful mossy, feathery tonds in full perfection. If a plant becomes pot-bound or starved, or from any other cause is checked in its growth, it may show the Boston tendency; but when given the right conditions, it makes a most beautiful and perfect plant.

Strong plants, 2½-in. pots, $6.00 per 100, $50.00 per 1,000. Large specimen plants, 6-in. pans, 50c. and 75c. each; 8-in., $1.50 and $2.00 each; 10-in., $3.00 each; 12-in., $5.00 each; 15-in., $7.50 each; 20-in. $10.00 each.

NEPHROLEPIS WHITMANI  We also have a splendid stock of this fine fern, which is quite distinct from Piersoni elegantissima. Strong plants, 2½-in. pots, $8.00 per 100; 6-in. 75c. and $1.00 each; larger specimens, same sizes and prices as elegantissima.
